CLINICAL PSYCHOPHARMACOLOGY

Nina Schooler Early Career Research Award

ABOUT THE AWARD

The Nina Schooler Early Career Research Award is presented annually to an early career researcher in clinical psychopharmacology - including residents, fellows, and doctoral-level professionals - to fund start-up or pilot human research projects. This award honors Nina Schooler, Ph.D., a leading researcher and educator in schizophrenia and psychopharmacology, whose lifelong dedication to mentoring the next generation of clinical trialists has inspired countless clinicians and educators. **The recipient will receive a \$7,500 stipend upon mandatory attendance and presentation of their research at the 2028 ASCP Annual Meeting.**

ELIGIBILITY

- ✓ Psychiatry residents, fellows, physicians who are currently in psychiatry residency or fellowship programs, and doctoral-level psychologists/pharmacists (i.e., PhD, PsyD, PharmD) who are currently involved in clinical internships, externships or fellowships who are interested in or are beginning to engage in clinical psychopharmacology research.
- ✓ ASCP Membership is required. Society membership for residents and trainees is complimentary.

DEADLINE:
January 27, 2027
